Practical Information for Incoming students

Housing information
<p>Though <i>ISMAI</i> does not have a university residence, the International Relations Office has several apartments and/or rooms available to Erasmus students and/or other international students of Higher Education Institutions. Moreover, before arriving, each student will be informed regarding housing conditions and prices. It is important that students from abroad have a place to stay upon arrival. In other situations, there are many residents in Maia who rent rooms to students: prices may vary from €120.00 to €180.00 per month. Students have information concerning accommodation posted throughout the university campus as well as at the Student Association and at the International Relations Office which has an updated data base.</p>
Welcome and orientation for Erasmus students
<p>In the beginning of each semester, the International Relations Office organizes a Welcome Day for all Incoming Students.</p>
Intensive Language courses
<p>Incoming Students benefit from a Portuguese Language Intensive Course free of charge. 40H / 4 ECTS.</p>
