

La Casa de las Lenguas (House of Languages)

The University of Oviedo, provides an excellent opportunity to learn Spanish while broadening your knowledge of the multicultural Hispanic world in a paradise of nature surrounded by mountains and the sea, where natural spaces are inextricably linked to the region's historical development.

Since 1978, the University of Oviedo has been organizing Courses in Spanish Language and Culture for Foreign Students. During these years, the courses have gained academic and organizational solidity, now reinforced by their being integrated into the **Casa de las Lenguas (House of Languages)**: <http://lacasadelaslenguas.uniovi.es/inicio>

The courses offered range from Spanish for beginners to preparation for the Spanish as a Foreign Language Diploma (Diploma de Español como Lengua Extranjera - DELE), as well as courses in Spanish language and culture and another series of more specific courses. There exists a programme of cultural and leisure pursuits that complement academic activities in which students take on a leading, active role under the control and supervision of teachers.

COURSES AND PROGRAMMES

Spanish for Beginners

This course is aimed at students who have no prior knowledge of the language. The programme has been designed around the communicative approach, with a dynamic, enjoyable, practical and effective teaching method that is at all times adapted to student needs and interests.

Spanish Language and Culture

These courses combine the main goal of teaching the language with a comprehensive, wide-ranging, yet in-depth view of Spanish culture. They are especially valid for those students who wish to specialise in these matters, but are also suitable and accessible for those whose main area of study is not Spanish.

Intensive Spanish Courses for Exchange Students

Via La Casa de las Lenguas, the University of Oviedo also imparts intensive Spanish courses aimed at students participating in European exchange programmes (ERASMUS+, KA1 and KA2) or specific agreements.

Intensive Summer Courses

The University of Oviedo offers Spanish Summer Courses that enable students to combine the learning of the language and the culture with a wide range of cultural and leisure activities, all included in the enrolment fee.

DELE Exams

The University of Oviedo is an official examination centre for Spanish as a Foreign Language Foreign Diplomas (Diplomas de Español como Lengua Extranjera - DELE). These are the official certificates accrediting the level of competence and mastery of the Spanish language issued by the Instituto Cervantes on behalf of the Spanish Ministry of Education.

Specific courses

The Spanish as a Foreign Language Courses are able, at any time, to take on the demand for made-to-order programmes for private groups, companies, entities or institutions that require a specific programme adapted to their needs.

University of Oviedo

Universidad de Oviedo

Asturias' University

The University of Oviedo is a public institution of higher education and research located in the Principality of Asturias. With over 400 years of history, it offers 51 undergraduate degrees in all branches of knowledge adapted to the European Higher Education Area (EHEA) and 49 postgraduate degree programs in collaboration with national and international universities and a large number of private companies.

On November 2009 the University of Oviedo was one of the first nine universities in Spain to receive accreditation as a Campus of International Excellence. This award founds the global strategy called "Ad Futurum", fostering excellence in research, development and innovation, with special stress in two areas: Energy, Environment & Climate Change, and Biomedicine & Health. Nowadays, with more than 1,800 researchers, the University of Oviedo is aimed at becoming a pole of talent acquisition and leading

research to provide assistance to its more 25,000 students distributed in 16 different Faculties and Schools.

Every year, the University of Oviedo receives more than a thousand foreign students. The University of Oviedo is a destination that is highly valued by international students owing to its academic prestige and its privileged location. Living in the Principality Asturias allows enjoying the rich artistic legacy of the region, which has several natural parks and biosphere reserves and it is famous for its traditional cuisine.

The University of Oviedo offers, through its International Relations Office, a broad network of services to help foreign students to make any legal and academic paperwork easily as well as to find accommodation and participate in mentoring programs. Foreign students will also have a wide variety of cultural, sporting and leisure activities available to them promoted by the University or student associations.

Undergraduate Degrees

Arts and Humanities

Degree in Classical and Romance Studies
Degree in English Studies
Degree in Philosophy
Degree in Geography and Regional Planning
Degree in Art History
Degree in History
Degree in History and Sciences of Music
Degree in Spanish Language and its Literatures
Degree in Modern Languages and their Literatures

Sciences

Double Degree in Mathematics and Physics
Degree in Biology
Degree in Biotechnology
Degree in Physics
Degree in Geology
Degree in Mathematics
Degree in Chemistry

Health Sciences

Degree in Nursing (Associated Center)
Degree in Nursing
Degree in Physiotherapy
Degree in Speech and Language Therapy
Degree in Medicine
Degree in Dentistry
Degree in Psychology
Degree in Occupational Therapy

Social and Legal Sciences

Double Degree in Business Administration and Management and Law
Business Administration and Management
Degree in Commerce and Marketing
Degree in Accounting and Finances
Degree in Law
Degree in Economy
Degree in Social Education
Degree in Public Administration and Management
Degree in Early Childhood Education (Associated Center)
Degree in Early Childhood Education
Degree in Primary Education Teaching (Associated Center)
Degree in Primary Education Teaching
Degree in Pedagogy
Degree in Labor Relations and Human Resources
Degree in Social Work
Degree in Tourism

Engineering and Architecture

Degree in Civil Engineering
Degree in Engineering of Mining and Energy Resources
Degree in Engineering of Mining Technologies
Degree in Electric Engineering
Degree in Industrial Electronic and Automatic Engineering
Degree in Engineering of Industrial Technologies
Degree in Engineering of Technologies and Services for Telecommunication
Degree in Forestry and Sustainable Natural Resources
Degree in Geomatic Engineering and Topography
Degree in Software Computer Engineering
Degree in IT Engineering
Degree in Marine Engineering
Degree in Mechanical Engineering
Degree in Nautical Engineering and Marine Transportation
Degree in Industrial Chemistry
Degree in Industrial Chemical Engineering

Master's Degrees

Arts and Humanities

Erasmus Mundus Master's Degree in Women's and Gender Studies (GEMMA)
Spanish as a Foreign Language
Gender and Diversity
Socio-cultural Analysis and History
Spanish Language and Linguistics
Musical Heritage

Sciences

Erasmus Mundus Master of Science in Marine Biodiversity and Conservation (EMBC)
Food Biotechnology
Biotechnology of Environment and Health
Analytical & Bioanalytical Sciences
Condensed Matter Physics & Nanotechnology
Modelling and Mathematics Research, Statistics and Computing
Theoretical Chemistry and Computational Modelling
Chemistry & Sustainable Development
Geological Resources & Engineering Geology
Marine Conservation

Health Sciences

Erasmus Mundus Master Course in Emergency and Critical Care Nursing (EMECC NURSING)
Erasmus Mundus Master Course in Public Health in Disasters
Emergency and Disaster Analysis and Management
Biology and Reproduction Technology
Biomedicine & Molecular Oncology
Emergency and Critical Care Nursing
Orthodontics and Dentofacial Orthopaedics

Social and Legal Sciences

Law
Business Administration and Management
Tourism Management and Planning
Economics: Economic Analysis Instruments
Integrated Teaching of the English Language and Contents: Infant and Primary Education
Teacher Training in Secondary and Upper Secondary Education and Vocational Training
Social and Educational Intervention & Research
Legal Protection of Vulnerable Groups and People
Information Systems & Accounting Analysis

Engineering and Architecture

Erasmus Mundus Master's Degree in Mechatronic & Micro-mechatronic Systems (EU4M)
Erasmus Mundus Master Course in Sustainable Transportation & Electrical Power Systems (EMMC STEPS)
Materials Science and Technology
Electrical Energy Conversion and Power Systems
Project Management
Automation Engineering and Industrial Computing
Energy Engineering
Computer Engineering
Mechatronic Engineering
Master's Degree in Chemical Engineering
Master's Degree in Web Engineering
Master's Degree in Remote-Sensing and Geographical Information Systems (GIS)
Master's Degree in Occupational Health & Safety Risk Management
Master's Degree in Integrity and Durability of Materials, Components and Structures
